IN TODAY'S WORLD OF GLOBAL WARMING AND CLIMATE CHANGE, FESTIVAL CAIRNS DECLARES LOVE FOR THE ENVIRONMENT

Festival Cairns 2008 – Wednesday 27 August to Saturday 20 September 2008

The 'love' theme for Festival Cairns 07 will live on with confirmation it is being retained in 2008 - albeit expanded to celebrate the city and its rather special relationship with, 'the environment'.

The event program which kicks off on Wednesday 27 August and runs for 25 days, will feature a choice of 48 free and ticketed events spanning music, art, sport, entertainment and culture.

Alongside a host of popular favourites including Cairns Amateurs Spring Racing Carnival, TimeOUT concert, Carnival on Collins, QLD Cup (NBL competition), Food, Wine and All That Jazz, Reggaetown and Parade of Lights, highlight events making their debut this year include a three day international busking festival, a one-night concert by The Audreys and illusionist, Consentino Threshold.

The vibrant heart of Tropical North Queensland, Cairns is a city whose main claim to fame is its gateway access to Great Barrier Reef and World Heritage listed rainforests. While these natural wonders are a draw-card for visitors, they provide ample inspiration to those who make Cairns and the surrounding region, their home.

When it kicks off on Wednesday 27 August, Festival Cairns will role out to the tune of Love Cairns, Love the Festival, Love the Environment.

Since 2002, September has been set aside as the month to celebrate Festival Cairns. Spanning music, art, culture and sport, Festival Cairns brings together a series of free and ticketed events under one umbrella to entertain and delight both visitors and residents of the community.

Festival Cairns Organiser, Narell Black says that in addition to achieving its key objectives of showcasing and nurturing talent in a colourful and compelling event, this year's expanded theme aims to highlight the magic of Tropical North Queensland's environment.

"We intend this recognition of our beautiful surroundings to be a long term commitment. It is our hope, that by celebrating it in a positive way we will be enhancing awareness, engendering pride and greater responsibility for its preservation."

According to Narell, 2007 was a watershed year with Festival Cairns achieving record attendances of over 145,000 to 50 events while bringing \$20 million into the local economy.

"This year we have even bigger plans to increase our footprint on Queensland's event landscape with an extended program that has been increased from 22 to 25 days," said Mrs Black.

Festival Cairns 2008 will run from Wednesday 27 August to Saturday 20 September, 2008.
