BEACHFRONT SPA OPENS AT MISSION BEACH

Dinner, wine, a luxurious resort room and a spa treatment with your partner as you relax and enjoy island views – Valentine’s Day doesn’t get any more romantic than this.

Only 20m from the white sands of Mission Beach and boasting an uninterrupted view of Dunk Island and the Coral Sea, Drift Spa at the award-winning Castaways Resort and Spa has opened just in time for Valentine’s Day.

The ultimate environment for total relaxation and rejuvenation, Drift Spa offers in-house guests and visitors the full spectrum of luxury spa treatments and skincare solutions using Li’Tya products.

It is the only day spa in Mission Beach with a fully qualified team, who will pamper you using exclusive products from Li’Tya’s range of native plant botanicals - what better way to treat your partner and yourself on Valentines Day.

To celebrate the opening of Drift Spa, Castaways (managed by Rydges Hotels and Resorts) has all-inclusive packages starting at \$500 per couple for the Valentine’s Day weekend.

Check in to your sea view resort room, a bottle of sparkling wine will be waiting for you to enjoy on your balcony, while you admire the uninterrupted view of Dunk Island and the Coral Sea.

Enjoy a three course meal in the resort’s award-winning Cblu restaurant, then wake up to a buffet breakfast, before indulging with a massage treatment at Drift Spa.

The opening of Drift Spa continues the major revamp of Castaways Resort and Spa which last year underwent a \$1 million upgrade of its award-winning accommodation.

The Resort unveiled its state-of-the-art conference facility, Palms, opened a new fitness centre, updated its lobby to make the most of the idyllic beach and ocean views, and refreshed Castaways’ signature restaurant, Cblu, with a new fit-out.

The comprehensive upgrade of Castaways’ accommodation included installation of plasma televisions, Rydges’ exclusive Dream Beds, new bathroom fittings and soft furnishings.
